2nd International Meeting on Asbestos and Mesothelioma

November 19th and 20th, 2020 | PROGRAM

In a period in which a new paradigm of society requires us to look at health issues as a priority, there is an urgent need to address a strategy of prioritizing the management of asbestos in Portugal, with contributions from national and international experts, providing guidance and clarifying how this need could become a reality. In this meeting we will gather contributions from Portugal, Spain, France, Germany, Poland, Brazil and the USA.

1st DAY - November 19th

9H30 am OPENING MESSAGE

Order of Engineers | OE | Carlos Mineiro Aires
Portuguese Business Confederation | CIP | António Saraiva
